Euronext Tech Leaders is composed of 120+ high-growth and leading Tech companies, each meeting a specific set of criteria to qualify. It complements Euronext's existing Tech offer and aims to strengthen the European Tech sector and be a catalyst for the next generation of Tech leaders.

Valentina Volta, Group CEO of Datalogic: *"We are excited to be part of this segment, which strives to promote European technological excellence globally. In its more than 50 years of life, Datalogic has demonstrated its ability to consistently innovate, anticipate trends and constantly evolve through the development of increasingly innovative and advanced solutions, thus the inclusion in the Euronext Tech Leaders represents the recognition by the financial community of our tech competitive advantage. We hope that the efforts made by Euronext to support this segment can play a crucial role in increasing the recognition and value of European tech stocks, not yet as widely recognized as their American counterparts, who benefit from a dedicated and highly liquid global market".*
